HEAVY RAINS

Prevail in the Liao Yang District

NEWS SILENCE CONTINUES UNBROKEN

Reports Current That the Whole Russian Army is Retreating

Winnipeg, Sept. 10.—Reports are still current that the Russian army is effecting a retrograde movement from Mukden, though St. Petersburg officials say they are unable to confirm them. Only brief dispatches have been received to-day from the seat of war and they leave the situation rather vague. No fighting has occurred beyond occasional contacts of outposts; a condition probably due largely to the heavy rains which dispatches say are now preventing any extended movement of either army. No official figures of the losses in the battle of Liao Yang have been given out, but estimates still place the casualties on both sides at not far from fifty to sixty thousand.

The news silence continues unbroken from Tokio. No advices bearing directly on the operations having been received from that source for several days.

St. Petersburg, Sept. 10.—The Emperor has received the following dispatch from General Kuropatkin dated yesterday: No fighting has taken place in the sphere of operations and the enemy showed no perceptible activity Sept. 8 or Sept. 9. Heavy rains continue, which does not permit of the roads drying up or of their being repaired.

St. Petersburg, Sept. 10.—Lieut. General Sakharoff reports that there was no fighting yesterday. The rains and condition of the roads prevent the Japs from advancing.

Tsingtau, Sept. 10.—A Japanese officer passed through Tsingtau to-day on his way to Kaichow. He says the Japs losses at Port Arthur during the last few days were very heavy, exceeding fifteen thousand and that Japs killed or wounded in the battle of Liao Yang exceeded twenty thousands.

HOLD UP ON THE C. P. R.

Armed Masked men Board the Transcontinental West Bound in British Columbia and Rifle the Express and Mail.

Mission Junction, B. C., September 12th.—Saturday night at Mission Junction the transcontinental west-bound train was held up by four armed masked men, three of whom came over the tender and at the muzzle of revolvers intimidated the engineer into stopping the express, after which they left one man guard over the engineer, the other two taking the fireman with them whom they compelled to uncouple the mail express car, the fourth standing guard over the train. The conductor on going down to ascertain the cause of the delay was threatened by the fourth man to return.

The robbers, when the express car was cut, proceeded with it half way between Ruskin and Silverdale. The express messenger refused to open the door but being informed he would be blown up with dynamite he complied and was forced to open the safe. They secured \$5,000 in gold dust and \$1,000 in currency. The mail clerks were similarly compelled to open the mail car which was rifled of mail sacks. The engine, express and mail cars were then run east of Warnock, where the robbers deserted the train.

Mission Junction is at the head of the Okanagan Valley in British Columbia.

FUNERAL OF DR. McLEAN

The Carleton Place Herald of August 30th giving an account of the funeral of the late Dr. McLean who was drowned at Cooking Lake has been received. The last two paragraphs are:

"The funeral took place Sunday afternoon from the home of the parents to Cram's cemetery, and was one of the largest seen here in a long time. Somewhere about 120 carriages were in the procession, and hundreds walked. The gathering at the cemetery was the largest ever seen there. The pallbearers were Messrs. J. F. Moffatt, N. Gibson, Alex. Yuill, R. Hudson, Ab. Jensen and Robt. McEwen.

Rev. A. A. Scott, uncle of the deceased, conducted the religious service.

The floral tributes were numerous and most beautiful. There was a mammoth cross from the dentists of Edmonton, a broken wreath from the Tepee Club of Edmonton, an anchor from Drs. Wilson and Strong and camping companions, wreath from the choir of Edmonton Presbyterian church, wreath from president and members of Edmonton Young Men's Liberal Association, also from Mr. John McDougall, jr., Mr. C. McMannus, Mr. and Mrs. Ross and Miss Crawford, all of Edmonton, besides other smaller tokens."

JOHN CAMERON & CO.

IOWAN FARMERS

IN EDMONTON DISTRICT

Delighted with the Country Their Report will Attract Settlers to This District

The friends of the Alberta Colonization society looked as if a country fair was in progress in the city. The large room seemed full of farmers and everybody seemed to be talking at the same time of the magnificent country and splendid crops. Seventeen United States farmers, all from one Iowa town, had just returned from a several days' drive through the district. From the expressions heard on every side it must have been an eye-opener even to these practical and well-to-do farmers from Iowa.

There are seventeen men in the party which is in charge of Messrs. Geo. Schoel and W. B. King, who carry on a real estate business in Gladbrook, Iowa. Every member of the party is from the immediate vicinity of Gladbrook. They are in many cases pioneers of the Iowa country whose wide areas of land are now worth large sums, and they consider it better to sell out in the States, come to Canada and buy an improved quarter for half as much for themselves and choose homesteads for their sons.

Last winter, Mr. Schoel, of the firm of Schoel & King, made a trip through Western Canada and invested heavily in lands in the Vermilion Valley. In the country adjacent to Vermilion the firm have over four thousand acres of land. Returning to Gladbrook, Mr. Schoel has been interesting the people of that district in Northern Alberta, and the present trip of these farmers is the result. They came up to investigate conditions for themselves. Arriving in Edmonton on Saturday they immediately procured rigs and drove out through the Vermilion. From the north-east corner of Beaver Lake they drove to Westerville, then on towards Birch Lake, and returned to the city by way of Star. They arrived back last night and left this morning for Gladbrook.

The party is composed of seventeen men, and as each one of these seventeen men is a sort of an agent for numerous friends, it can be well understood how important the party is. Before visiting Edmonton the party went to different Assiniboian districts and although they found land rich and prospects good, they were not satisfied. Central and Northern Alberta pleased them from the first, and from what they saw of the Edmonton district they immediately pronounce it as splendid a country, natural resources and present prospects considered, as they have seen anywhere. Northern Alberta is like the Gladbrook district in Iowa. In the districts the party visited while at Edmonton barley and wheat were practically all out, and oats were being knocked down as fast as binders could do it. They saw large fields of wheat in stock that would yield forty bushels to the acre and that would grade the very best. They were especially struck with the remarkably heavy yields of oats to be seen in all directions. There was not a farmer in the party but knew that the soil in Northern Alberta could not well be surpassed. They saw the great growth of grain and vegetables and the hay stacks, with a superabundance of natural grass; water is plentiful and the ground underneath it is with splendid coal made the members of the party wonder why Northern Alberta had not been settled years ago. This brought the talk around to railways, which these practical United States farmers saw was of the most supreme importance. When it was pointed out to them that the Canadian Northern Railway Company is pushing construction towards Edmonton as quickly as men and horses can do it, and that next year the Grand Trunk Railway will commence work

on their transcontinental system in the West, they looked for a bright future for Western Canada in general, and Northern Alberta, and the Edmonton district in particular.

Wm. Ladchoff, N. P. Hansen, Henry Reimers, and Paul Klink, four members of the party, are estimated to be worth combined three hundred thousand dollars. They are pleased with the district, and they the party will invest heavily in Northern Alberta lands.

A number of the party are—E. B. Pond, N. W. Taylor, N. M. Covert, W. B. King, Geo. Schoel, Thos. McCurt, Henry Reimer, G. B. Berry, N. P. Hansen, Paul Klink, J. O. Wiers, W. B. Griggs, L. Neumeier, John Covert, Wm. Ladchoff.

FOR SALE

Pacing Mare Lucy M.

ON SATURDAY, SEPTEMBER 17, '04 At Lubbock's Livery Stable, Queen Street, Edmonton, the well-known pacing mare Lucy M. and a large racing outfit consisting of Lodge 40, pound Byke, as good as new; all kinds of boots, coaches, track harness; also rubber tire New York road buggy, new last spring; one new Hamwell speed outfit, cost \$100; lady's side saddle; and five good driving horses and three traps. AUCTION SALE

Of Cattle Stock and Implements, Ft. Saskatchewan

Sat. Sept. 17th. 04

The undersigned auctioneers have received instructions from Mr. Andrew Unterhultz to sell his stock of Cattle and Implements at his residence on Lots 2, 3, and 4, block 6, Fort Saskatchewan, Saturday, Sept. 17th, at the hour of 1 o'clock p.m., when the following valuable stock will be sold by Public Auction:

STOCK

Eight milk cows, ten heifers 1 to 2 years old, seven steers 2 and 3 years old, five spring calves, 1 bull 2 years old, six pigs.

IMPLEMENTS

One wagon, one Rock Island Walking plow 16 inch, one set drag harrows, one set double harness new, and a quantity of small articles.

Mr. Unterhultz is giving up farming and the whole of the above will be sold without reserve.

TERMS—\$20 and under cash. Over that amount credit until January 1st, 1905, by furnishing joint approved lien notes bearing eight per cent interest. Five per cent allowed for cash payments on sums over \$20.

Walker & Daniel

AUCTIONEERS

Underwear a Farmer Needs

Regular weights won't do for the farmer. He must be warmer clad, because his work about the farm and long drives to town keep him out in the cold so much.

Stanfield's Unshrinkable Underwear

comes in special weights, especially for farmers. Special weights don't mean clumsy, bulky garments. Stanfield's Underwear is so warm because of the peculiar knit of the garments. It's pure Nova Scotia wool, that has been treated to take out the shrink and leave in the softness. We—and your dealer—both guarantee Stanfield's to be unshrinkable.

Ross Bros. Ltd.

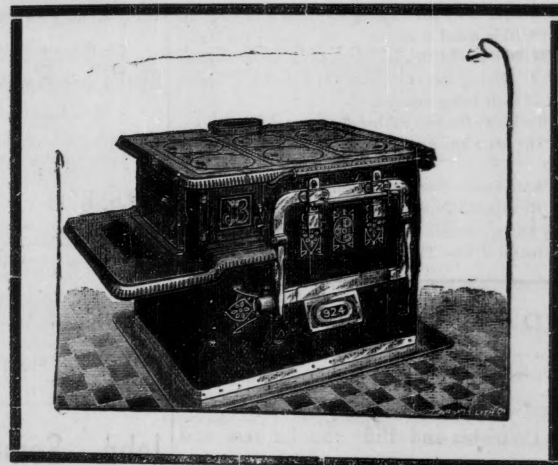

Just a few words further about

Steel Ranges

Ross Brothers, Limited, have Steel Ranges from \$30 to \$60. They have a first class full No. 9 Steel Range,

Made in Canada

With Copper Reservoir, High Enclosed Closet, fitted to burn either wood or coal at \$48. This Range has an extra large fire box and is well suited for town or country use. We also have ranges without high closets very much cheaper, that have very large ovens, large fire places and are built especially for farmers use.

It seems absurd to us that Steel Ranges can be sold at prices nearly double what we are asking, that have not got nearly as many good points to recommend them as our \$48 Ranges. Our \$48 Range is heavier, larger both in oven and fire place.

And we Guarantee

That our Castings will not warp out of shape nearly as soon as some of the much vaunted higher priced Cook Stoves or Ranges.

Why, you fit up a whole kitchen with us for nearly the price you are asked for a Cooking Stove or Range alone. We will convince you of this fact if you want a Range and will be pleased to show you the goods at our store.

Ross Bros., Limited.

THE RHODES SCHOLAR

FOR THE TERRITORIES

Banqueted on the eve of his departure for Oxford. A well Deserved Success

Ralph V. Bellamy, Edmonton, the first Rhodes' scholar for the Territories of Canada, was the honored guest at a very successful banquet held in the Criterion restaurant, Saturday evening, on the eve of Mr. Bellamy's departure for England to take up his course at Oxford university. There were thirty of Mr. Bellamy's most intimate friends among the young men of Edmonton present and genuine regret was expressed at his leaving Edmonton, but all joined in congratulating him on his well merited success, and wishing him an increased continuance of the same.

A splendid banquet was served in creditable style, a pleasing hum of conversation made it distinctly evident that all present had met for the sake and laudable object of doing honor to Mr. Bellamy.

The evening's proceedings passed off in a most satisfactory manner. After the good things had been partaken of, W. A. Giesbrecht, who acted as chairman, exposed the toast of the King, which was received in the usual way. Briefly referring to the object of the gathering, he stated that Edmonton was proud of the young man that would represent the Territories at Oxford and that he would do us honor in England. His success in winning the examination qualifying him for the appointment to a Rhodes' scholarship has conferred honor on Edmonton, Mr. Bellamy's home.

Dr. Jamieson then read Mr. Bellamy a very flattering address and at its conclusion presented him with a handsome gold ring with Mr. Bellamy's monogram inscribed on it. He then proposed a toast to the guest of the evening, which was heartily received by the singing of "For He's a Jolly Good Fellow" and three rousing cheers and a tiger.

In reply Mr. Bellamy made a splendid speech. He was touched by the honor conferred on him. In the gathering he noticed many of last winter's hockey players, and of those who took a great interest in hockey. He thought that many sports had a great influence for good both on our bodies and our characters. Any man was better for a fondness of outdoor sports. In leaving he wished the Edmonton Hockey Club the same unqualified success next winter as they had last. He looked upon the Rhodes' scholarship as a great privilege, rather than an honor. He had great faith in Western Canada, and he considered it a great honor to represent the Territories in Oxford. The Rhodes' scholarship scheme was then briefly explained. Edmonton should send the next Rhodes scholarship man to Oxford. Again expressing his thanks for the honor conferred on him, Mr. Bellamy concluded amid cheers.

A. B. Cushing then sang a good college song, and Harry Hellwell was called on for a few words. He was merely expressing the feelings of the gathering in stating that he deeply regretted Mr. Bellamy's departure. He paid a high tribute to the many good qualities of the guest of the evening. Mr. Bellamy had done much to elevate spirit in Edmonton, and it was with deep regret that his numerous Edmonton friends greeted his departure.

At McLeod, an old Edmonton school mate of Mr. Bellamy's, spoke interestingly of the old school days. After an instrumental selection by Percy Hook, the gathering dispersed by singing of "Auld Lang Syne" and again giving three hearty cheers for Mr. Bellamy.

Some reference has previously been made in the Bulletin to the universal satisfaction expressed at Mr. Bellamy's success in passing the Rhodes

scholarship examination, qualifying him to represent the Territories in Oxford. Edmonton is proud of Mr. Bellamy, and will watch his course at Oxford with interest. He starts on his trip to England to-morrow morning.

PEMBINA RIVER

There are hundreds of acres of hay being made on the Pembina river valley, and stock are doing fine.

Capt. Brooks arrived here from Michigan as a delegate to look over the lands on the Pembina river valley. Mr. Brooks was greatly surprised to find such land. He thinks we are greatly in need of a colonization road to the Pembina. He intends putting in a saw mill in the spruce between Isane Lake and the Pembina.

H. Newton was also looking over the section in the vicinity of Long Lake. He will start a sheep ranch there. Although Mr. Newton's home is in North Texas, he has been to St. Louis, and also to Paris and London, and on his return trip visited this section. He liked it so well that he will locate here. Mr. Newton was a dispatcher in the Germano Indian Campaign.

BRAVER LAKE PROSPECTS

Better crops than have been; wheat excellent; oats excellent; barley best yet; hay a bumper crop; potatoes and vegetables a greater crop than ever before. Settlers in all directions in fine spirits. Beef going up; local market steady.

Our carpenters and masons are busy about the farms and ranches. The season has been a busy one. Harvesting is coming on in the middle of the haying season.

Several new settlers have come in this year.

No local improvement work has yet been done this year in the district. Providence has blessed us however with fine weather this year, and we have excellent crops.

Threshing began last week at Norstern, Saskatchewan, and that place, are on the move.

The new school house at Tofield will be ready for occupation in a few weeks.

Robert Logan will occupy his new store at Tofield also shortly. It is reported, too, that a second store will be a compelling feature at Tofield. That's all the better for us.

You can try it. FREE.

Every mother who sends us her address on a post card will receive a generous free sample—enough for eight meals—of

N. LECLERC, PROP

RURAL SCHOOLS ADMINISTRATION.

Leader.

Mr. James A. Calder, Deputy Minister of Education for the Territories, in his address to the Dominion Educationalist Convention at Winnipeg, pointed out the conditions that made the proper administration of rural schools a difficult problem, especially in the sparsely settled districts. He had given careful study to the consolidated school idea, but was not convinced that such a radical departure would be in the best interests of education in the Territories. Consolidated schools, he knew, were a success in the majority of places where the system had been tried, and further he believed that consolidation in many instances was necessary, but in the Territories the same number of sections that would be needed to organize a consolidated school were spread over a vastly greater space of country than in the thickly populated states like Ohio. In communicating with the Commissioner of Education in the neighboring states, whose conditions most nearly represent our own, he found that in their opinion the idea of a large school section could not be entertained. In Michigan the limit for the distance which a pupil should be transported to school was three and a half miles; Iowa, not more than five; Minnesota, five miles; and Dakota, six miles. According to these distances but a small number of school sections could be united. He believed, however that we would do well to guard against the division of school sections so prevalent in the east.

Another point which the speaker dealt with was the proper apportionment of Government grants, and the best means of levying an assessment for school purposes. In British Columbia the Government pays the expenses of all school work, while in Prince Edward Island the separate school sections pay the entire cost, while the other provinces came gradually between these two extremes. He believed that the best results were obtained where the Government were in a position to make liberal grants to schools in sparsely settled districts, while the wealthier districts received a proportionately smaller grant. Unless this were done many pupils must of necessity remain uneducated, which would be a national calamity. He was convinced that five trustees for five school districts would give better results than having three trustees for each district. Better men would be secured, and in time these schools might naturally unite and form a consolidated school.

SUCCESSFUL PICNIC.

The children of the Roman Catholic separate schools of Edmonton and Strathcona and those of the Edmonton convent were treated to a very pleasant picnic at Leduc Saturday by the Edmonton R. C. church. The Edmonton children gathered at the C. M.

A school and marched to the station, taking the train to Strathcona. Here they were met by the children of the Strathcona separate school and all took the train for Leduc. They were in charge of Rev. Father Jan and Rev. Father Norman. Arriving at Leduc the hundred children proceeded to the picnic grounds where the day was spent in games and amusements. Dinner was served and the children returned to their games until the approach of train time. Even then they were loath to leave off playing. A most enjoyable time was spent. The picnic party returned to Edmonton by the evening train.

LOCALS

—Popoka has applied for incorporation as a town.

—A special meeting of the city council will be held this evening.

—Voting is taking place to-day on the by-law providing for the straightening of Jasper avenue east.

—The levels were taken along Namayo and Jasper avenues this morning for the street railway company.

—The list of school lands to be shortly off-red for sale along the Calgary and Edmonton railway has been received at the Dominion Lands office.

—A full rehearsal of the Confederate Spy will be held in the Thistle rink at 7:45 o'clock this evening. All those taking part are requested to attend. Splendid progress is being made with the play which will be given early the first week in October.

—Captain Brooks of Detroit returned to Edmonton Saturday from a week's visit to the district around the Pembina river. He represents a number of United States farmers who are anxious to move to western Canada. He found the Pembina country a splendid one and is delighted with its prospects.

—Saskatchewan Herald, Battleford, Aug. 31st.—Long strings of grading outfits are passing through town to work between here and Edmonton on the C. N. R. Among those who passed lately are A. Mannix, with 30 horses, moving from the Elbow to Bresaylor, and J. Bradley, with 43 teams, who has come from working on the Kirkella branch.

—The Ponoka Agricultural Society has been endeavoring to purchase C. P. R. grounds in the town for exhibition purposes. The C. P. R. will not sell the grounds but it is probable that an extended lease of the property will be granted to the association providing they use it for exhibition purposes only and make reasonable improvements.

—The remains of the late Guy Flemming, who died in the Edmonton General Hospital on Thursday, after a brief illness with typhoid fever, were sent to his home in Gladbrook, Iowa, Saturday morning. Deceased had come to Edmonton but a short time ago and was working in the Alberta livery barn. He had made many friends who were shocked to hear of his death. He leaves a father, mother, brother and two sisters who reside at Gladbrook. W. B. King and other friends of the deceased who were in Edmonton last week accompanied the remains to Gladbrook, where interment will take place.

PERSONAL

R. V. Bellamy leaves to-morrow for England to take his Rhodes scholarship course at Oxford University.

W. McKay left Saturday afternoon for Athabasca Landing to open the new government telegraph office there on Tuesday.

EDMONTON RIFLE ASSOCIATION

The regular weekly practice of the Association was held on Saturday afternoon at which there was the usual large turnout of members.

Several new members joined at this practice, and during the day, following the practice, the rifle club over 100.

This evidence of interest in rifle shooting is very pleasing to the officers of the Association, who have been doing their best to popularize it.

Considerable class firing was done, and it is hoped that all who not yet submitted themselves to this annual test, whether quiet or present members, will make the nearest opportunity of so doing, as aid on the service roll are expected to take this test.

The following were the best scores on Saturday:

SERGEANT FITZGERALD

Reports on the Condition of Affairs at
Herschell Island and the Arctic
Coast

Ottawa, September 12th.—The Mounted Police department has received a report from Sergeant Fitzgerald, who is in charge of the detachment at Fort MacPherson, at the junction of the Pelly and Mackenzie rivers. The report covers the months of February, March, April, May and June. The condition of the police is good. Constable Walker cut his foot and was laid up for thirty-one days. Pelly river was frozen over seven months. The river was clear of ice on May 23rd. There was a snow storm on June 23rd. About the middle of February the thermometer registered on one occasion 40 below zero. Indians reported moose scarce but furs plentiful. Two American sealers wintered at Herschell island, and one schooner at Cape Bailey.

THE PREMIER'S HEALTH

IS MUCH IMPROVED

From his Holiday Spent Along the St.
Lawrence River

Ottawa, September 12th.—Sir Wilfrid Laurier returned to the city last evening. The premier is in excellent health and looks much better for his holiday down the St. Lawrence.

TO THE COAST BY AUTO

A NOVEL RIDE

Couple Reach Calgary on their way to
Vancouver From Boston

Bulletin Special Dispatch.
Calgary, Sept. 12.—Chas. G. Alden and wife, who are travelling from Boston to Vancouver in an automobile, arrived in Calgary on Saturday night, and continued their journey today. Their machine is fitted with steel range railway wheels. G. Alden is pleased with the success of the trip. Since striking the Canadian Pacific Railway he has made some faster than the best time of the passenger trains.

DIES ON A DRAY

PORT WILLIAM MAN

Dies on an Open Dray While Being
Taken From the Station

Port William, Sept. 11th.—On an open dray, without a blanket or mat, died Joseph Smith, of Duluth, today, Sunday, in the streets of Port William.
The dray man had been sent over from Duluth, and went last Tuesday to work at the sawmill at Mine Centre. He was taken sick there and was sent back to Port William, reaching town on the C.N.R. express. A dray was at the station to which Smith was sent, but he had not come a couple of blocks before he died.

INTERESTING ITEMS

Clipped from Our Exchanges. Matters
Occupying the Attention of Other
Western Towns

McLeod Gazette: W. W. Stuart, household inspector, who has just returned to Calgary, from a trip to the McLeod, Pease and the Bow rivers, reports to the Herald that every thing is looking bright for a beautiful harvest. Grain cutting is general throughout the district. The general throughout the district. The grain are the very best I have ever seen in the south, said Mr. Stuart.

NEWS OF THE WORLD

IN BRIEF PARAGRAPHS

Condensed Dispatches Dealing With
the Day's Most Important Happenings.

Winnipeg, Sept. 12.
The Canadian trawler Vigilant was launched at Toronto.

It is reported that Lord Ayrmer is to be Inspector-General of the Militia. Eight persons were drowned on the Delaware river as the result of a collision.

Official reports from the Northern States show that spring wheat deteriorated twenty-five per cent during August.

William Robinson, who killed his wife at North Mountain, Kings County, N.S., was hanged at Kentville this morning.

Sir Wilfrid Laurier has returned to Ottawa and the subject of General Elections may be discussed at the next cabinet meeting on Wednesday.

Mr. Joseph Loebe, a prominent cigar manufacturer of Montreal, endorsed the Gracie Trunk Pacific and anti-trust legislation of the Liberal government.

Whitby.—Marshall Hamilton, farmer, appeared before Judge McIntyre to answer a charge of criminal neglect in refusing to bail a doctor in to attend to his wife after confinement, and instead, invoking prayers of Rev. Eugene Brooks, Dowie preacher.

The woman died, and Hamilton was arrested and found guilty and is awaiting sentence. Brooks was committed for trial.

A LIVELY TIME

IN CALGARY POLICE COURT

B. B. Bennett M. L. A. Twice Ejected
for Alleged Insult to Magistrate

Bulletin Special Dispatch.
Calgary, Sept. 12th.—R. B. Bennett, M.L.A., and member of the legal firm of Loughhead and Bennett, was twice ejected from the court room at the Mounted Police Barracks on Saturday. Bennett appeared for the C.P.R. in the case of George Lloyd, who was employed to plow fire guards. Lloyd was charged with assault on Mrs. Haskins, when she refused him admittance to her porch. There was a discussion between Bennett and Col. Sanders, the magistrate, as to the trying of the case, and the latter ruled against the lawyer's opinion. Bennett then said that there was little use of his coming to court at the Barracks, and that he had appeared in this case against the advice of his firm.

The magistrate took this as an insult in court and ordered the lawyer out. He did not go out, and a mounted policeman took him by the arm and led him to the door.

Bennett gave notice of an action against Sanders for a thousand dollars. When the case was called, a gain Bennett was on hand but Sanders ordered him to leave. He was not disposed to obey and a policeman again took him out. Another notice was given that Bennett would sue for \$2,000.

"The case was exceedingly well filled and considerable has already been out. The parties are all pleased."

Alberkan: J. H. Wilson, of the firm of architects in Calgary, left for Johnston Creek this morning. B. B. Wettenhall, his partner, is secretary for the gold and copper mining company which is operating in the creek which is about eighteen miles from Banff. Mr. Wilson believes that certain persons have been jumping their claims, and he has gone to investigate into the matter. His analysis made it has been ascertained that the rock will produce \$17.25 of copper ore per ton. The value of the gold and other metallic deposits has not as yet been ascertained.

Gazette: Writing from Yellowknife, N. D., Mr. Leo Pfeiffer, a resident of Oakesdale, Alberta, says—"I find the crops here in bad shape. Wheat will

yield from six to twelve bushels per acre, poor quality. Alberta's poorest crops will yield less than double this yield."

The Okotoks Review says that P. Burns and Co. have purchased 16,000 acres of land thirty-six miles west of Okotoks, paying therefor \$320,000. It is claimed that the largest deposit of anthracite coal in the world exists there and also that the quality equals the Pennsylvania anthracite.

Free Lance: A letter from T. L. Graves, of Troy, Kansas, says that crops there are not very good. Oats will run from five to twenty bushels and wheat from three to fifteen bushels per acre.

Times: There seems to be a strong opinion among sportsmen that duck shooting opens too early. Many who have been out this season state that the birds are not feathered properly yet, and many large bags include "chickens." It is too early and we see no reason to doubt it, the close season for ducks should be extended to the same date as the game chicken shooting, and both open concurrently.

FROM THE ARCTIC CIRCLE.

Rev. Father Husson arrived last week from a tour of the northern missions of the Roman Catholic church as far north as the arctic circle. The latter part of the river trip from Pelican rapids on the Athabasca to the Landing was made on Cornwall & Wood's new steamer, the Midnight Sun which was then on the return of her first trip to Pelican rapids. The water was especially low, but the steamer made the trip up stream 120 miles in two days. The boat is about 100 feet long and about 25 feet beam, is a stern wheeler, and besides freight accommodation is fitted with nine passenger cabins. The pilot is Baptiste Louchier and Mr. Varin purser. There were six passengers who had come to Pelican rapids by H. B. transport and then took the steamer. They were Bishop Reeves, Rev. Fathers Husson and Boucher, W. T. Livock and two others. This steamer is not the first to be put on the upper Athabasca, but the steamer previously put on by the H. B. Co. and called the Athabasca was only run for a couple of seasons by the H. B. Co. The intention of the proprietors of the present steamer is that it shall run up the Athabasca and Lesser Slave river and lake to Lesser Slave lake post and down the Athabasca to Grand Rapids. The low water of this season, however, prevented them from getting above the mouth of Slave river or below the Pelican rapids. This steamer completes the links of navigation on the Athabasca and Mackenzie. On the upper Athabasca is the Midnight Sun, owned by Cornwall & Wood. On the lower Athabasca, lower Peace and Athabasca lake are the Grahame and Primrose owned by the H. B. Co., the Alpha by Hislop & Nagle, the St. Joseph and St. Antoine by the Roman Catholic mission and the Ethel owned by Colin Fraser. On the Mackenzie are the Wrigley owned by the H. B. Co., the St. Alphonse owned by the Roman Catholic mission and the Eva and Cariboo owned by Hislop & Nagle. All those on the Mackenzie are propellers. On the upper Peace river is the St. Charles, owned by the Roman Catholic mission. The business handled by all these steamers reaches Edmonton over Edmonton, Yukon & Pacific railway and is freighted by teams 90 miles to Athabasca Landing.

Rev. Father Husson left Edmonton early in the summer and reached Good Hope fort and mission where the arctic circle crosses the Mackenzie river early in July and left there on his return trip by mission steamer on July 16th. There had been no sickness among the Indians at that point and the winter hunt had been very successful. Potatoes, lettuce, and some of the other hardy vegetables are grown at Good Hope with fair success. At Providence mission on an island in the Mackenzie, a little north of the outlet of the river from Great Slave lake and north of latitude 60, a little wheat and

barley are grown every year, besides potatoes and vegetables. On July 18th potatoes were almost ready to use. Cattle are kept at the mission, both cows and oxen and are very large. This year cattle were taken from Vermillion on Peace river to Resolution. At Providence Rev. Father Husson met the priests of the mission at Fts. Liard and Nelson, both said that the soil and climate at those posts were suitable for grain growing, but as the country was all wooded no attempt at cultivation was made beyond a little gardening. On reaching Resolution Rev. Father Husson made the trip across Great Slave Lake to Ft. Rae on the northern arm of the lake, going by Hislop & Nagle's small steamer Cariboo.

From Resolution to Edmonton the trip was uneventful. Hislop & Nagle's second outfit was met at Athabasca lake on the way to Resolution. Colin Fraser and Jos. Hursell were met at Grand Rapids.

Rev. Father Husson has gone on to Montreal to purchase next year's supplies for the Mackenzie and Peace river missions, which will be forwarded to the Landing and Peace river crossing by team this winter so as to get advantage of the earliest opening of navigation.

The Canadian Northwest
Homestead Regulations

Any even numbered section of Do-
minion Lands in Manitoba or the
Northwest Territories, excepting 8
and 16, which has not been home-
steaded, or reserved to provide wood
lots for settlers, or for other pur-
poses, may be homesteaded upon by
any person who is the sole head of a
family, or any male over 18 years of
age to the extent of one quarter sec-
tion, of 160 acres, more or less.

ENTRY.—Entry may be made per-
the district in which the land to be
taken is situated, or, if the home-
steader desires, he may, on applica-
tion to the Minister of the Interior,
Ottawa, the Commissioner of Immi-
gration, Winnipeg, or the local agent
for the district in which the land is
situated, receive authority for some
one to make entry for him. A fee
of \$10.00 is charged for a homestead
entry.

HOMESTEAD DUTIES.—A settler
who has been granted an entry for
a homestead is required by the pro-
visions of the Dominion Lands Act
and the amendments thereto, to per-
form the conditions connected there-
with, under one of the following
upon and cultivation of the land in
each year during the term of three
years:

(1) At least six months' residence
years.

(2) If the father (or mother, if the
father is deceased) of any person who
is eligible to make a homestead entry
under the provisions of this Act, re-
side upon a farm in the vicinity of
the land entered for by such person
as a homestead, the requirements of
-go of said settlement of 100 sq sq
taining patent, may be satisfied by
such person residing with the father
or mother.

(3) If a settler has obtained a pa-
tent for his homestead, or a certifi-
cate for the issue of such patent,
countersigned in the manner pre-
scribed by this Act, and has obtained
entry for a second homestead, the
requirements of this Act as to resi-
dence prior to obtaining patent may
be satisfied by residence upon the
first homestead, if the second home-
stead is in the vicinity of the first
homestead.

(4) If the settler has his permanent
residence upon farming land owned
by him in the vicinity of his home-
stead, the requirements of this Act
as to residence may be satisfied by
residence upon said land.

The term "vicinity" used above is
meant to indicate the same township
or an adjoining or cornering town-
ship.

A settler who avails himself of the
provisions of Clauses 2, 3, or 4, must
or substitute 30 head of stock, with
cultivate 30 acres of his homestead,
buildings for their accommodation,
and have besides 30 acres substan-
fenced.

Every homesteader who fails to
comply with the requirements of the
homestead law is liable to have his
entry cancelled, and the land may be
again thrown open for entry.

Application for patent should be
made at the end of three years, be-
fore the local agent, sub-agent, or
Homestead Inspector. Before making
application for patent the settler
must give six months' notice in writ-
ing to the Commissioner of Dominion
Lands, at Ottawa, of his intention
to do so.

Information.—Newly arrived immi-
grants will receive at the Immigra-
tion Office, in Winnipeg, or at any
Dominion Lands Office, in Manitoba
or the Northwest Territories, infor-
mation as to the lands that are open
for entry, and from the officers in
charge, free of expense, advice and as-
sistance in securing land to suit them.
Full information respecting the land,
timber, coal and mineral laws, as well
as respecting Dominion Lands in the
Railway Belt in British Columbia,
may be obtained upon application to
the Secretary of the Department of
the Interior, Ottawa, the Commis-
sioner of Immigration, Winnipeg,
Manitoba, or to any of the Dominion
Lands Agents in Manitoba or the
Northwest Territories.

JAMES A. SMART,
Deputy Minister of the Interior.

N.B.—In addition to Free Grant
Lands to which the regulations above
stated refer, thousands of acres of
most desirable lands are available for
lease or purchase from railroad and
other corporations and private firms
in Western Canada.

Revillon Brothers

LIMITED

LONDON, PARIS, NEW YORK AND EDMONTON

LOCAL

—Train on fire. —Threshing began early last week in the district around Northlea.

—A demented Gallian boy was sent to Brandon this morning in charge of a mounted policeman.

—The Ponoka Agricultural Exhibition will be held on the 18th of October this year. Prizes to the amount of \$500 will be given.

—Williamson Bros., shipped a carload of hogs to Calgary today. From four to four and a half cents per pound was paid.

—Medicine Hat News.—The Medicine Hat Milling Company is paying 90 cents per bushel for wheat, and 45 cents per bushel for oats.

—Okotoks Review.—A mineralogical and mining party, of the C. P. R., whose headquarters are at Trail, B.C., arrived in Okotoks last week and went out west along Sheep Creek to the Mountains.

—The railway commission will sit in Edmonton on Wednesday, September 14. The question of a union station will be considered as well as a couple of complaints regarding delays in the transportation of freight on the C.P.R.

—At noon today only two complaints had been received by the secretary of the Board of Trade to be brought before the Railway Commission at their sittings in Edmonton Wednesday. These two were regarding delays in the transportation of freight.

—Raymond Chronicle Aug. 31st.—Threshing is now well under way here, the stacks of Charles Selman being the first to go through the separator. Some Turkey Red that was run through commanded a price of a dollar a bushel in the yard.

—Raymond Chronicle.—At the sugar factory everything is now in readiness for the run, which is to start within a month. The present weather is most favorable for the beets, which are doing exceptionally well. The run is expected to last for ten weeks.

—Okotoks Review, Sept. 1st.—John Lineham left on Monday evening for Pincher Creek from which place he goes to look after his oil interests in Southern Alberta. Mr. Lineham on his recent trip brought back with him a five gallon vessel of unrefined oil from his wells which we believe is of excellent quality.

—There were scattered showers all day yesterday and at night a heavy rain fell. After midnight it cleared up and became cold, the Government thermometer registering one degree of frost. Wheat, barley and a large portion of the oats in this district are out, and the night's frost will have very little effect on the oats standing. Potatoes tops in places were killed. This is the first frost of the season.

—H. E. Wettlaufer, of Berlin, Ont., arrived in the city Saturday evening. Mr. Wettlaufer is prominent in Ontario sporting circles being especially connected with hockey and lacrosse. This year he is Hon. President of the Western Ontario Hockey association. He has just arrived from a trip through Manitoba and states that the Edmonton district crops are further advanced than those in other districts visited.

—Okotoks Review.—J. A. Black, representing the Enderby Milling Co. of Okanagan and Enderby, B. C., arrived in Okotoks on Tuesday and drove out to several farms and made arrangements for the purchase of their fall wheat. He will buy all their wheat. It is a fine sample of grain, and he thinks it compares very favorably with grain grown down east, and in his estimation will make excellent flour. He returns next week or immediately after threshing.

PERSONALS

Mrs. Vernon Sanford will receive at her residence on Tuesday, Wednesday and Thursday, South street.

Mr. Dawson, of Bawn, Dawson, Kennedy & Drysdale left this morning on a visit to Toronto and other distant points.

Mr. Sica, President of the Bell Telephone Company and L. B. McFarlane, general manager of the company, arrived in the city Saturday night from Montreal.

C. W. Bunker will be in Calgary Saturday morning. Mrs. Strathy and family in the morning from the city. They are expected to return to the city the evening of Saturday evening.

AT THE CHURCHES

Rev. C. H. Howells preached both morning and evening in the College avenue Methodist Church yesterday. In the evening he took for his subject "Work and Wages," preaching specially to working men. At the evening service Mrs. R. Hockley rendered a solo. The pulpit of the Kristina Avenue Methodist Church was occupied in the evening by the regular pastor, Rev. C. V. Hall. Mr. Green took the morning service. At the evening service Howard Sutcliffe sang a much appreciated solo.

The Epworth League topic for this evening in the Methodist church is "The Synagogue of Jesus."

The two Methodist churches will hold their annual Sunday school picnic on Saturday afternoon next. The Presbyterian church was occupied yesterday both morning and evening by Rev. D. G. McQueen, who has resumed his visit to the Old Country. There was a very large attendance at both services. In the evening, Mr. Haskins sang, "where is my Wandering Boy tonight very effectively."

The Christian Bazaar Society meets in the church this evening, the subject being, "What the Bible Teaches Us of Heaven."

A meeting of the Sunday school teachers of the church will be held tomorrow, Tuesday, evening at eight o'clock in the basement of the church. A full attendance is requested.

The ladies of the church will meet Wednesday afternoon at three o'clock in the church to perfect the organization of a missionary society.

At the Baptist church the services were taken by Rev. A. M. McDonald, the pastor. In the evening he preached on the subject, "The Seeking Shepherd."
